Abstract

PURPOSE: To obtain a hair cosmetic, containing a partially crosslinked type organopolysiloxane polymer, a specific liquid oil and volatile oiling agent, excellent in hair conditioning and hairdressing effects and having high persistence with good feeling of use.

CONSTITUTION: The objective substance obtained by containing a partially crosslinked type organopolysiloxane polymer in an amount of 0.5-30.0wt.% based on the total composition, a low-viscosity silicone oil and/or liquid ester oil in an amount of 1.0-20.0wt.% based on the total composition and a volatile oiling agent of a volatile hydrocarbon oil and/or fluorocarbons in an amount of 5.0-98.5wt.% based on the total composition as essential components and suitably blending perfumes, preservatives, ultraviolet ray absorbers, surfactants, antioxidants, alcohols, etc., as other ingredients therewith. The cosmetic can be applied as a hair liquid, hair cream, hair spray, hair conditioner, etc.
